

Advanced HD PVR MPEG-4/2 Set Top Box

DMS-2042-HD-PVR

Evolution's digital high definition DOCSIS PVR offers a sleek new design and full PVR performance capabilities. Evolution's DMS-2042-HD-PVR is both MPEG-4 and MPEG-2. The DMS-2042 is universal with dual displays on both the front and top to allow for wall mounting. This feature will allow subscribers to hide all cords and mount their Set Top Box directly below any wall mounted flat screen TV.
